

The SIXTH YORKSHIRE CHEST IMAGING COURSE

14 MAY 2010, Friday.

Venue: Radiology Academy, Leeds General Infirmary, Leeds LS1 3EX.

A comprehensive 1-day course aimed at developing an understanding of radiological pattern recognition and providing an outline for evaluating chest radiographs. It is aimed at junior doctors and specialist registrars in radiology, general and respiratory medicine and those working in the ICU and A&E. Advanced practitioner radiographers will also find this useful. A significant proportion of the time will be spent in viewing films. The faculty comprises of Consultant Radiologists from Yorkshire, with a special interest in chest radiology.

Course convenor: Dr. RJH Robertson, Consultant Radiologist, Leeds Teaching Hospitals NHS trust.

Faculty includes:

- Dr. RJH Robertson, Consultant Radiologist, Leeds Teaching Hospitals NHS Trust.
- Dr. Michael Darby, Consultant Radiologist, Leeds Teaching Hospitals NHS Trust.
- Dr. Bobby Bhartia, Consultant Radiologist, Leeds Teaching Hospitals NHS Trust.
- Dr. Hilary Moss, Consultant Radiologist, Harrogate & District Foundation NHS Trust.
- Dr. Mark Kon, Consultant Radiologist, Bradford Teaching Hospitals NHS Foundation Trust.
- Dr. Sapna Puppala, Consultant Vascular & Interventional Radiologist, Leeds Teaching Hospitals NHS Trust.

Please email radiologycourses@hotmail.co.uk for the information pack and application form. Places limited to 40, reserved on a first come first serve basis.

Course fee: £ 80.
